The Honorable Lance Pruitt

Dear Senator Costello and Representative Pruitt:

I am in receipt of the letter that you sent requesting that I amend the call for the Second Special Session and include an appropriation bill that provides the unrestricted general fund match for the federal surface transportation and airport improvement programs under the Department of Transportation and Public Facilities.

As you identified in your letter, this funding is critical as it leverages almost \$1,000,000,000 in federal funding for Alaska's airports and surface transportation programs.

I will amend the call for the Second Special Session to include this item when the Alaska State Legislature convenes in Wasilla, Monday, July 8, pursuant to the Proclamation I submitted to the Legislature on June 13, 2019.

Sincerely,

A handwritten signature in blue ink, appearing to read "Michael J. Dunleavy".
