## For Immediate Release

As a 2-time Congressional Candidate, I know what it takes to run a campaign. It is no easy task and requires a tremendous amount of energy, support, finances and volunteers.

My message over the last 5 years has been consistent. It is time for new leadership in Washington DC. We have an aging Congressman, who is nearly 88 years old and served for over 47 years and he is not getting any Younger.

I have personally debated candidates from the Democratic party, and so-called Independent Candidates who are clearly supported by the Liberal Left. It's like debating Socialism and Communism at the same time. If we want to protect our Freedoms, then we must unite and support a strong candidate who will support our Constitutional Republic for generations to come.

IT IS TIME for new leadership, new energy in Washington, new ideas and a new generation to lead Alaska into the future. This is why instead of running a 3<sup>rd</sup> time, I will endorse Nick Begich III and his run for Congress in 2022. I believe that Nick will represent all Alaskans in Washington fairly and work hard to protect our liberties. Nick is young, energetic, enthusiastic and a true Republican Conservative who has the experience to represent all Alaskans in Washington.

I encourage ALL Alaskans who supported me during my last 2 congressional runs, to put your support, your energy, your time and money behind Nick Begich in his run for Congress in 2022. This IS the right thing to do.

I believe the 2020 General Election was stolen and Alaska's elections shares numerous election anomalies that the lower 48 had, which demand a forensic audit. If we do not fix the 2020 General Election, in my opinion, there will never be another free election again. The passage of Ballot Measure 2, which in my opinion, was illegally instituted here in Alaska, further threatens our elections.

The need for Republicans, Undeclared, the true Independent Alaskans, and Conservatives must come together to protect our freedoms. This is why I will continue to fight for election integrity here in Alaska and Support Nick Begich's run for Congress.

In the words of Benjamin Franklin, when asked what form of Government our fore-fathers gave us, he was quoted as saying "A Republic, if you can keep it". It is up to all of us to fight for the Constitutional Republic, so we can secure our freedoms for future generations in Alaska.

God Speed Nick, in your run for Congress.

Respectfully,

T. John Nelson
