

# Anchorage Assembly to Hold Public Hearings Next Week on 2026 Regular Municipal Election Ballot and Bond Propositions

January 21, 2026

Per Anchorage Municipal Code 28.20.015B., the Anchorage Assembly is required to act on ballot proposition language for the April 7, 2026 Regular Municipal Election by the Regular Assembly Meeting on Tuesday, January 27. With nine public hearings scheduled during the [January 27 Regular Assembly Meeting](#), the public is invited to share feedback on ballot questions before the Assembly takes action.

"Our upcoming meeting represents one of the most important responsibilities of the Anchorage Assembly," said **Assembly Chair Christopher Constant**. "We carry the duty of due diligence on ballot questions before they go to voters. But ours is only one step of the public process; the ultimate responsibility falls to voters to make the choices that will shape our future."

Typically, the regular election ballot includes questions for voters to decide whether or not to issue general obligation bonds that finance public capital improvements, amend the Charter, or vote on issues that require voter approval by law. Bond propositions are developed through a months-long public process, starting with project priorities submitted by Community Councils and departments, which are then prioritized into the Capital Improvement Budget / Capital Improvement Program [proposed during the annual budget process](#) in November. After the Assembly approves the annual budget, the bond propositions are finalized and submitted to the Anchorage Assembly for final placement on the regular election ballot.

At the January 13 Regular Assembly Meeting, the Assembly heard public testimony and approved [AO 2025-136](#), a \$79,460,000 bond proposition for capital improvements for the Anchorage School District.
